## Full Environmental Assessment Form Part 1 - Project and Setting

## **Instructions for Completing Part 1**

**Part 1 is to be completed by the applicant or project sponsor.** Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

### A. Project and Applicant/Sponsor Information.

Name of Action or Project:		
Project Location (describe, and attach a general location map):		
Brief Description of Proposed Action (include purpose or need):		
Name of Applicant/Sponsor:	Telephone:	
	E-Mail:	
Address:		
City/PO:	State:	Zip Code:
Project Contact (if not same as sponsor; give name and title/role):	Telephone:	
	E-Mail:	
Address:		
City/PO:	State:	Zip Code:
Property Owner (if not same as sponsor):	Telephone:	
	E-Mail:	
Address:		
City/PO:	State:	Zip Code:

# **B.** Government Approvals

<b>B.</b> Government Approvals, Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)			
Government Entity	If Yes: Identify Agency and Approval(s) Required	Application (Actual or p	
a. City Counsel, Town Board, ☐ Yes ☐ No or Village Board of Trustees			
b. City, Town or Village ☐ Yes ☐ No Planning Board or Commission			
c. City, Town or ☐ Yes ☐ No Village Zoning Board of Appeals			
d. Other local agencies □ Yes □ No			
e. County agencies □ Yes □ No			
f. Regional agencies □ Yes □ No			
g. State agencies □ Yes □ No			
h. Federal agencies □ Yes □ No			
<ul><li>i. Coastal Resources.</li><li>i. Is the project site within a Coastal Area, or</li></ul>	or the waterfront area of a Designated Inland Wa	terway?	□ Yes □ No
<ul><li>ii. Is the project site located in a community</li><li>iii. Is the project site within a Coastal Erosion</li></ul>	with an approved Local Waterfront Revitalizati Hazard Area?	on Program?	□ Yes □ No □ Yes □ No
C. Planning and Zoning			
C.1. Planning and zoning actions.			
only approval(s) which must be granted to enal  • If Yes, complete sections C, F and G.	mendment of a plan, local law, ordinance, rule of the proposed action to proceed?  In plete all remaining sections and questions in Page 1.	-	□ Yes □ No
C.2. Adopted land use plans.	· · · · · · · · · · · · · · · · · · ·		
a. Do any municipally- adopted (city, town, vil where the proposed action would be located?		include the site	□ Yes □ No
If Yes, does the comprehensive plan include spewould be located?		oposed action	□ Yes □ No
b. Is the site of the proposed action within any l Brownfield Opportunity Area (BOA); design or other?)  If Yes, identify the plan(s):	ocal or regional special planning district (for ex ated State or Federal heritage area; watershed m		□ Yes □ No
c. Is the proposed action located wholly or part	ially within an area listed in an adopted municip	al open space plan,	□ Yes □ No
or an adopted municipal farmland protection If Yes, identify the plan(s):			

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district?	□ Yes □ No
b. Is the use permitted or allowed by a special or conditional use permit?	□ Yes □ No
c. Is a zoning change requested as part of the proposed action?	□ Yes □ No
If Yes,  i. What is the proposed new zoning for the site?	
C.4. Existing community services.	
a. In what school district is the project site located?	
b. What police or other public protection forces serve the project site?	
c. Which fire protection and emergency medical services serve the project site?	
d. What parks serve the project site?	
D. Project Details	
D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed components)?	l, include all
b. a. Total acreage of the site of the proposed action? acres	
b. Total acreage to be physically disturbed? acres c. Total acreage (project site and any contiguous properties) owned	
or controlled by the applicant or project sponsor? acres	
c. Is the proposed action an expansion of an existing project or use?  i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles square feet)? % Units:	☐ Yes ☐ No , housing units,
square feet)? % Units:  d. Is the proposed action a subdivision, or does it include a subdivision?	□ Yes □ No
If Yes,  i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)	
<ul><li>ii. Is a cluster/conservation layout proposed?</li><li>iii. Number of lots proposed?</li></ul>	□ Yes □ No
iv. Minimum and maximum proposed lot sizes? Minimum Maximum	
<ul> <li>e. Will the proposed action be constructed in multiple phases?</li> <li>i. If No, anticipated period of construction: months</li> <li>ii. If Yes:</li> </ul>	□ Yes □ No
<ul> <li>Total number of phases anticipated</li> <li>Anticipated commencement date of phase 1 (including demolition) month year</li> <li>Anticipated completion date of final phase month year</li> <li>Generally describe connections or relationships among phases, including any contingencies where progred determine timing or duration of future phases:</li> </ul>

iv. Will there be	onsite dewatering of	or processing of ex	cavated materials?		□ Yes □ No
v What is the to	ital area to be dredge	ed or excavated?		_acres	
vi What is the m	avimum area to be	worked at any one	time?	acres	
		•		feet	
	vation require blast		n dreaging.	icct	□ Yes □ No
				crease in size of, or encroachment	□ Yes □ No
•	ng wetland, waterbo	ody, shoreline, bea	ch or adjacent area?		
If Yes:	.1 1 . 1 . 1	1.1	CC 4 1 /1		
				vater index number, wetland map number	
description):					

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placem alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in sq	
iii. Will the proposed action cause or result in disturbance to bottom sediments?  If Yes, describe:	Yes □ No
<i>iv</i> . Will the proposed action cause or result in the destruction or removal of aquatic vegetation? If Yes:	□ Yes □ No
acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
• purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
proposed method of plant removal:	
if chemical/herbicide treatment will be used, specify product(s):	
v. Describe any proposed reclamation/mitigation following disturbance:	
. Will the proposed action use, or create a new demand for water?	□ Yes □ No
Yes:	
i. Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	□ Yes □ No
Yes:	
Name of district or service area:	
Does the existing public water supply have capacity to serve the proposal?  Let be a principle of the principle of the proposal.	□ Yes □ No
• Is the project site in the existing district?	□ Yes □ No
Is expansion of the district needed?	□ Yes □ No
Do existing lines serve the project site?  Will be a serve the project site?	□ Yes □ No
ii. Will line extension within an existing district be necessary to supply the project? Yes:	□ Yes □ No
Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
iv. Is a new water supply district or service area proposed to be formed to serve the project site? Yes:	□ Yes □ No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
vi. If water supply will be from wells (public or private), what is the maximum pumping capacity:	_ gallons/minute.
. Will the proposed action generate liquid wastes?	□ Yes □ No
Yes:	
i. Total anticipated liquid waste generation per day: gallons/day	11 . 1
ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe a approximate volumes or proportions of each):	
approximate volumes of proportions of each).	
i. Will the proposed action use any existing public wastewater treatment facilities?  If Yes:	□ Yes □ No
Name of wastewater treatment plant to be used:	
Name of district:	
<ul> <li>Does the existing wastewater treatment plant have capacity to serve the project?</li> </ul>	□ Yes □ No
<ul> <li>Is the project site in the existing district?</li> </ul>	□ Yes □ No
<ul> <li>Is expansion of the district needed?</li> </ul>	□ Yes □ No

Do existing sewer lines serve the project site?	□ Yes □ No
• Will a line extension within an existing district be necessary to serve the project?	□ Yes □ No
If Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□ Yes □ No
If Yes:	
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
What is the receiving water for the wastewater discharge?	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including speci	fying proposed
receiving water (name and classification if surface discharge or describe subsurface disposal plans):	
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point	□ Yes □ No
sources (i.e. thenes, pipes, swales, curbs, guiters of other concentrated flows of stormwater) of non-point source (i.e. sheet flow) during construction or post construction?	
If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or acres (impervious surface)	
Square feet or acres (parcel size)	
ii. Describe types of new point sources.	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent pr groundwater, on-site surface water or off-site surface waters)?	
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	□ Yes □ No
<i>iv.</i> Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	□ Yes □ No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	□ Yes □ No
combustion, waste incineration, or other processes or operations?	
If Yes, identify:  i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
i. Woone sources during project operations (e.g., neavy equipment, freet of derivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit,	□ Yes □ No
or Federal Clean Air Act Title IV or Title V Permit?	
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	$\square$ Yes $\square$ No
ambient air quality standards for all or some parts of the year)	
ii. In addition to emissions as calculated in the application, the project will generate:	
•Tons/year (short tons) of Carbon Dioxide (CO <sub>2</sub> )	
•Tons/year (short tons) of Nitrous Oxide (N <sub>2</sub> O)	
•Tons/year (short tons) of Perfluorocarbons (PFCs)	
•Tons/year (short tons) of Sulfur Hexafluoride (SF <sub>6</sub> )	
•Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)	
<ul> <li>Tons/year (short tons) of Hazardous Air Pollutants (HAPs)</li> </ul>	

h. Will the proposed action generate or emit methane (included landfills, composting facilities)?  If Yes:		□ Yes □ No
<ul><li>i. Estimate methane generation in tons/year (metric):</li><li>ii. Describe any methane capture, control or elimination me electricity, flaring):</li></ul>	easures included in project design (e.g., combustion to go	enerate heat or
i. Will the proposed action result in the release of air polluta quarry or landfill operations?  If Yes: Describe operations and nature of emissions (e.g., die action).		□ Yes □ No
<ul> <li>j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services?</li> <li>If Yes: <ul> <li>i. When is the peak traffic expected (Check all that apply):</li> <li>□ Randomly between hours of</li></ul></li></ul>	: □ Morning □ Evening □ Weekend	□ Yes □ No
<ul> <li>iii. Parking spaces: Existing</li></ul>	g? sting roads, creation of new roads or change in existing available within ½ mile of the proposed site? ortation or accommodations for use of hybrid, electric	Yes No
<ul> <li>k. Will the proposed action (for commercial or industrial profor energy?</li> <li>If Yes: <ul> <li>i. Estimate annual electricity demand during operation of the project other):</li> <li>iii. Anticipated sources/suppliers of electricity for the project other):</li> <li>iiii. Will the proposed action require a new, or an upgrade, to</li> </ul> </li> </ul>	he proposed action: et (e.g., on-site combustion, on-site renewable, via grid/l	□ Yes □ No  ocal utility, or  □ Yes □ No
Hours of operation. Answer all items which apply.     i. During Construction:	<ul> <li>ii. During Operations:</li> <li>Monday - Friday:</li></ul>	

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction,	□ Yes □ No
operation, or both? If yes:	
i. Provide details including sources, time of day and duration:	
	<del></del>
<i>ii.</i> Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	□ Yes □ No
Describe:	
n. Will the proposed action have outdoor lighting? If yes:	□ Yes □ No
<ul><li>i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:</li></ul>	
<i>ii.</i> Will proposed action remove existing natural barriers that could act as a light barrier or screen?	□ Yes □ No
Describe:	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	□ Yes □ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	
occupied structures:	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	□ Yes □ No
or chemical products 185 gallons in above ground storage or any amount in underground storage?	
If Yes:	
<ul><li>i. Product(s) to be stored</li></ul>	
iii. Generally, describe the proposed storage facilities:	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	□ Yes □ No
insecticides) during construction or operation?	
<ul><li>If Yes:</li><li>i. Describe proposed treatment(s):</li></ul>	
ii. Will the proposed action use Integrated Pest Management Practices?	□ Yes □ No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	□ Yes □ No
of solid waste (excluding hazardous materials)? If Yes:	
<i>i.</i> Describe any solid waste(s) to be generated during construction or operation of the facility:	
• Construction: tons per (unit of time)	
• Operation : tons per (unit of time)	
<ul><li>ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:</li><li>Construction:</li></ul>	
Construction.	
• Operation:	
iii. Proposed disposal methods/facilities for solid waste generated on-site:	<del></del>
Construction:	
Operation:

If site has been subject of RCRA corrective activities, describe control measures:  iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? □ Yes □ No If yes, provide DEC ID number(s):	□ Yes – Spills Incidents database Provide DEC ID number(s):	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☐ Yes ☐ No If yes, provide DEC ID number(s):	iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☐ Yes ☐ No If yes, provide DEC ID number(s):	☐ Yes – Environmental Site Remediation database Provide DEC ID number(s):	
If yes, provide DEC ID number(s):	If yes, provide DEC ID number(s):	ii. If site has been subject of RCRA corrective activities, describe control measures:	
			□ Yes □ No

v. Is the project site subject to an institutional control limiting property uses?		□ Yes □ No
If yes, DEC site ID number:		
Describe the type of institutional control (e.g., deed restriction or easement):      Describe only used limitations:		
<ul><li>Describe any use limitations:</li><li>Describe any engineering controls:</li></ul>		
Will the project affect the institutional or engineering controls in place?		□ Yes □ No
Explain:		= 103 = 140
2.1pmin.		
E.2. Natural Resources On or Near Project Site		
a. What is the average depth to bedrock on the project site?	feet	
	icci	
b. Are there bedrock outcroppings on the project site?	0/	□ Yes □ No
If Yes, what proportion of the site is comprised of bedrock outcroppings?	%	
c. Predominant soil type(s) present on project site:	%	
	%	
	%	
d. What is the average depth to the water table on the project site? Average:f	eet	
e. Drainage status of project site soils:   Well Drained:  "% of site		
□ Moderately Well Drained:% of site		
□ Poorly Drained% of site		
f. Approximate proportion of proposed action site with slopes:   0-10%:	% of site	
□ 10-15%:	% of site	
□ 15% or greater:	% of site	
g. Are there any unique geologic features on the project site?  If Yes, describe:		□ Yes □ No
If Tes, describe.		
h. Surface water features.		
i. Does any portion of the project site contain wetlands or other waterbodies (including st	reams, rivers,	□ Yes □ No
ponds or lakes)?  ii. Do any wetlands or other waterbodies adjoin the project site?		□ Yes □ No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.		
•	y any fadaral	□ Yes □ No
<i>iii.</i> Are any of the wetlands or waterbodies within or adjoining the project site regulated b state or local agency?	y any rederar,	□ Tes □ No
<i>iv.</i> For each identified regulated wetland and waterbody on the project site, provide the fo	llowing information.	
Streams: Name	•	
Lakes or Ponds: Name		
Wetlands: Name	Approximate Size	
<ul> <li>Wetland No. (if regulated by DEC)</li> </ul>		
v. Are any of the above water bodies listed in the most recent compilation of NYS water of	luality-impaired	$\square$ Yes $\square$ No
waterbodies?		
If yes, name of impaired water body/bodies and basis for listing as impaired:		
i. Is the project site in a designated Floodway?		□ Yes □ No
j. Is the project site in the 100-year Floodplain?		□ Yes □ No
k. Is the project site in the 500-year Floodplain?		□ Yes □ No
1. Is the project site located over, or immediately adjoining, a primary, principal or sole sou If Yes:	arce aquifer?	□ Yes □ No
i. Name of aquifer:		
1		

m. Identify the predominant wildlife species that occupy or use the project site:	
n. Does the project site contain a designated significant natural community?  If Yes:  i. Describe the habitat/community (composition, function, and basis for designation):	□ Yes □ No
ii. Source(s) of description or evaluation:	
iii. Extent of community/habitat:	
• Currently: acres	
Following completion of project as proposed: acres	
• Gain or loss (indicate + or -): acres	
<ul> <li>o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened specifies: <ol> <li>i. Species and listing (endangered or threatened):</li> </ol> </li> </ul>	
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?	□ Yes □ No
If Yes:  i. Species and listing:	
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?  If yes, give a brief description of how the proposed action may affect that use:	□ Yes □ No
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304?  If Yes, provide county plus district name/number:	□ Yes □ No
b. Are agricultural lands consisting of highly productive soils present?  i. If Yes: acreage(s) on project site?  ii. Source(s) of soil rating(s):	□ Yes □ No
The second secon	
<ul> <li>c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?</li> <li>If Yes:</li> <li>i. Nature of the natural landmark: □ Biological Community □ Geological Feature</li> </ul>	□ Yes □ No
ii. Provide brief description of landmark, including values behind designation and approximate size/extent:	
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?  If Yes:  i. CEA name:	□ Yes □ No
ii. Basis for designation:	

e. Does the project site contain, or is it substantially contiguous to, a but which is listed on the National or State Register of Historic Places, of Office of Parks, Recreation and Historic Preservation to be eligible for If Yes:	r that has been determined by the Commission	
i. Nature of historic/archaeological resource: □ Archaeological Site	☐ Historic Building or District	
ii. Name:		
f. Is the project site, or any portion of it, located in or adjacent to an archaeological sites on the NY State Historic Preservation Office (SF		□ Yes □ No
<ul> <li>g. Have additional archaeological or historic site(s) or resources been in If Yes:</li> <li>i. Describe possible resource(s):</li> <li>ii. Basis for identification:</li> </ul>		□ Yes □ No
tt. Dasis for identification.		
h. Is the project site within fives miles of any officially designated and scenic or aesthetic resource?  If Yes:	publicly accessible federal, state, or local	□ Yes □ No
i. Identify resource:		
<ul><li>i. Identify resource:</li><li>ii. Nature of, or basis for, designation (e.g., established highway overletc.):</li></ul>		scenic byway,
iii. Distance between project and resource:n	niles.	
<ul> <li>i. Is the project site located within a designated river corridor under the Program 6 NYCRR 666?</li> <li>If Yes:</li> </ul>		□ Yes □ No
<i>i.</i> Identify the name of the river and its designation:		
ii. Is the activity consistent with development restrictions contained in	6NYCRR Part 666?	□ Yes □ No
<b>F. Additional Information</b> Attach any additional information which may be needed to clarify you	ur project.	
If you have identified any adverse impacts which could be associated measures which you propose to avoid or minimize them.	with your proposal, please describe those im	npacts plus any

Aerial Photography

The soil surveys that comprise your AOI were mapped at 1:24,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service Web Soil Survey URL:

Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Franklin County, New York Survey Area Data: Version 4, Jun 11, 2020

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Aug 10, 2014—Nov 11, 2016

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

# **Farmland Classification**

Map unit symbol	Map unit name	Rating	Acres in AOI	Percent of AOI
Cka	Covington silty clay loam, 0 to 2 percent slopes	Not prime farmland	19.0	32.9%
Gbb	Hogansburg and Grenville soils, 0 to 8 percent slopes, very stony	Not prime farmland	15.1	26.3%
Gbc	Grenville and Hogansburg soils, 8 to 25 percent slopes, very stony	Not prime farmland	6.9	11.9%
Hbb	Hogansburg loam, 3 to 8 percent slopes	All areas are prime farmland	2.9	5.1%
Laa	Livingston silty clay loam, 0 to 2 percent slopes	Not prime farmland	4.4	7.7%
Paa	Panton silty clay loam, 2 to 6 percent slopes	Not prime farmland	9.3	16.2%
Totals for Area of Inter	rest		57.7	100.0%

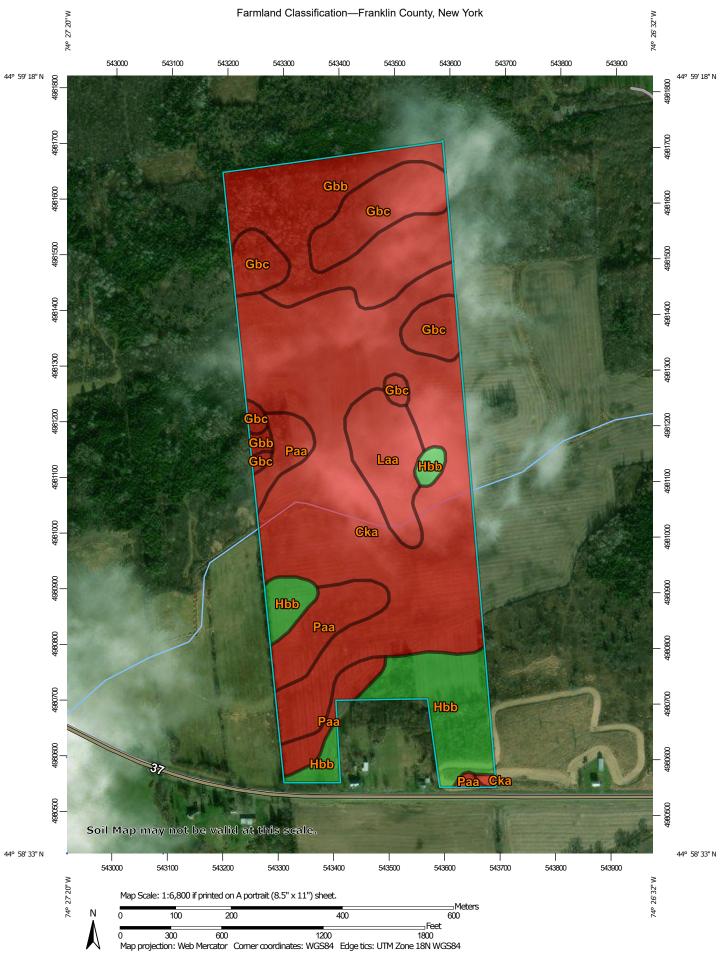

# **Description**

Farmland classification identifies map units as prime farmland, farmland of statewide importance, farmland of local importance, or unique farmland. It identifies the location and extent of the soils that are best suited to food, feed, fiber, forage, and oilseed crops. NRCS policy and procedures on prime and unique farmlands are published in the "Federal Register," Vol. 43, No. 21, January 31, 1978.

### NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

Division of Fish and Wildlife, New York Natural Heritage Program 625 Broadway, Fifth Floor, Albany, NY 12233-4757 P: (518) 402-8935 | F: (518) 402-8925 www.dec.ny.gov

September 9, 2020

Alexander Dietrich LRC Group 85 Civic Center Plaza, Suite 103 Poughkeepsie, NY 12601

Re: 2978 NY Route 37 solar due diligence County: Franklin Town/City: Fort Covington

Dear Mr. Dietrich:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur in the vicinity of the project site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the NYS DEC Region 5 Office, Division of Environmental Permits, at dep.r5@dec.ny.gov, 518-623-1286.

Sincerely,

Nicholas Conrad

Information Resources Coordinator New York Natural Heritage Program

915

# The following state-listed animals have been documented in the vicinity of the project site.

The following list includes animals that are listed by NYS as Endangered, Threatened, or Special Concern; and/or that are federally listed.

For information about any permit considerations for the project, contact the NYSDEC Region 5 Office, Division of Environmental Permits, at dep.r5@dec.ny.gov, 518-623-1286.

The following species have been documented within about 1/3 mile of the project site.

COMMON NAME	SCIENTIFIC NAME	NY STATE LISTING	FEDERAL LISTING	
Birds				
Northern Harrier  Breeding	Circus hudsonius	Threatened		5191
Fish				
Eastern Sand Darter	Ammocrypta pellucida	Threatened		2700

This report only includes records from the NY Natural Heritage database.

If any rare plants or animals are documented during site visits, we request that information on the observations be provided to the New York Natural Heritage Program so that we may update our database.

Information about many of the listed animals in New York, including habitat, biology, identification, conservation, and management, are available online in Natural Heritage's Conservation Guides at www.guides.nynhp.org, and from NYSDEC at www.dec.ny.gov/animals/7494.html.

## Good Morning,

We have received your inquiry about a proposed solar project in the Town of Fort Covington, Franklin County. We have reviewed the information you provided and can provide the following comments:

- Stormwater SPDES: If the project will disturb 1 or more acres, a Notice of Intent form will need to be submitted for coverage under the SPDES General Permit for Stormwater Discharges from Construction Activity (GP-0-10-002). The Stormwater Notice of Intent form can be accessed at the following weblink: <a href="http://www.dec.ny.gov/chemical/43133.html">http://www.dec.ny.gov/chemical/43133.html</a>. Please contact Madisen Hetman in our Division of Water at (518) 897-1241 with questions regarding stormwater permit requirements.
- 2. **Article 10 Permit**: If any of the proposed Solar arrays will have a generating capacity of 25,000 kWh or more, they will require an Article 10 Permit under the Public Service Law for a Major Electric Generating Facility. Please contact Chris Hogan with our Division of Environmental Permits at (518) 402-9151 for more information.
- 3. Wetlands: There are NYSDEC regulated mapped wetlands near your property. A Freshwater Wetlands permit under 6NYCRR Part 663 would be required for work within the Wetland or it's 100' adjacent area. Wetland boundaries are approximate, and a wetland delineation would be required before the application process continues. If a delineation has not been done during the past 5 years a delineation is required. Please contact our Natural Resources office at 518-897-1291 for more information.
- 4. Endangered and Threatened Species: Northern Harrier The site has been identified as being inhabited by Threatened/endangered species. Provided, as proposed, that any and all tree cutting should occur between November 1 and March 31, pursuant to implementing regulations (6NYCRR Part 182) of the NYS Endangered Species Act (Article 11-0535). Please contact the Division of Wildlife at (518) 897-1291 for more information.
- 5. Other Agencies: Please note, other agencies could have jurisdiction on this project, such as (but not limited to) the US Army Corps of Engineers. Please contact them directly for more information at (518) 266-6357.

If you have any questions, please feel free to contact me at (518) 897-1234.

Attached is a plan showing a proposed solar array on 2 parcels in Fort Covington. The solar provider, Nexamp. is seeking to determine if any DEC permits are required for the proposed project.

Please let me know if you need any additional info for a jurisdictional screening.

### Dear Rod Morrison:

Thank you for requesting the comments of the State Historic Preservation Office (SHPO). We have reviewed the project in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

Based upon this review, it is the opinion of the New York SHPO that no historic properties, including archaeological and/or historic resources, will be affected by this undertaking.

If further correspondence is required regarding this project, please be sure to refer to the OPRHP Project Review (PR) number noted above.

Sincerely,

R. Daniel Mackay

Deputy State Historic Preservation Officer

### NYS Department of Agriculture and Markets – Agriculture Districts Law §305 Notice of Intent to Undertake an Action Within an Agricultural District

<u>Instructions</u>: The purpose of this form is to provide NYSERDA with the necessary information required to submit a Notice of Intent to the Department of Agriculture and Markets on behalf of the Project Sponsor. Please populate all fields in this template, as applicable, and return to NYSERDA, with a copy to <u>commercial.industrialpv@nyserda.ny.gov</u>. Please add additional documents if desired and include required maps and/or other figures as outlined below in the response sent to NYSERDA.

### I. Project Description

Provide information regarding the system size, NY-Sun incentives awarded, local approvals received, the current status of interconnection, and any other relevant information for the project.

### II. Project Contact Information:

**(F)** 716-842-0156

### III. Description of the Proposed Action and its Agricultural Setting:

Project Address:

Authority Having Jurisdiction: County:

Agricultural District: Total Parcel Size:

Total Farms Affected¹: Total Acres Affected²:

Anticipated date of commencement of proposed action<sup>3</sup>:

Please provide a detailed description of the proposed action below. If any grading, shaping, excavation or filling is identified, please express such details in a narrative or on a site plan. Identify if there is any tile drainage installed within this parcel.

Please answer the following questions:

- 1. Will the landowner have access to the remainder of the agricultural field?
- 2. Is the parcel subdivided, or will the parcel be subdivided? If so, will the parcels be merged after the system has been decommissioned?

<sup>1</sup> Total number of farms within the district affected by the action.

<sup>&</sup>lt;sup>2</sup> Affected Areas are areas within the proposed Limits of Disturbance (LOD) that are currently used for agricultural production of food and fiber. The following further identifies these applicable affected areas within agricultural areas: (1) Any agricultural areas that would be permanently converted from agricultural use, including: the entire area within the perimeter fencing (accounting for areas being permanently converted from agricultural use), access roads, buried utilities, overhead electric/communication structures, required permanent, and post construction stormwater management. (2) Any agricultural areas infeasible to farm due to the development of the facility. These areas are dependent on the normal operation to maneuver typically used equipment for the production of food and fiber. Examples of these areas would include narrow setback areas or divided fields that are not able to efficiently maneuver equipment. (3) Temporary disturbed soil areas during construction which proposed to be returned to the pre-existing condition, such as: lay-down areas, temporary access areas, stockpiles areas, temporary grading areas, and areas where temporary erosion and sediment controls were installed.

<sup>&</sup>lt;sup>3</sup> The commencement date is the first day the Project Sponsor/Developer starts any construction-related activity and may include, but is not limited to, creating access road(s), digging underground trenches, starting land clearing, staging supplies and/or equipment, or installing solar panels.

Provide as part of your response package to NYSERDA maps showing the site of the proposed action including the following:

- 1. The proposed solar array layout of the project on an aerial image.
- 2. Label or annotate the map with all affected landowners, including tax map numbers, surrounding land uses, and type(s) of agricultural production.
- 3. Label all points of interconnection with the public utilities, all transmission lines associated with the project, equipment storage or mobilization pads/construction areas, and access roads/driveways.
- 4. Include a map showing the proposed solar array overlaid on the soils map, if available

Maps should always be supplied to a displayed scale, include a north arrow, and be viewable rather than an imbedded image. Multiple maps may be submitted to fulfill this request.

Operator of Parcel and Affected Landowners (Provide the names, addresses, and tax parcel identification numbers for the landowners that are directly affected by the construction of the proposed project within the agricultural district. This includes the owners of the land where the project will be constructed and any other landowner that may be affected by the construction of an access road or transmission lines across their property. Do not include landowners within the project vicinity that are not within the agricultural district. This can complicate the review process):

district.	This can complicate the review process):
Operate	or of the Parcel <sup>4</sup> :
Affecte	d Landowners:
1.	Name(s):
	Address:
	Parcel Number(s):
2.	Name(s):
	Address:
	Parcel Number(s):
3.	Name(s):
	Address:
	Parcel Number(s):
4.	Name(s):
	Address:
	Parcel Number(s):
5.	Name(s):
	Address:
	Parcel Number(s):

<sup>&</sup>lt;sup>4</sup> If the parcel is continuing as an active farming operation, provide information for the operator of the farm.

IV.	Agricultural	Impact of the	<b>Proposed</b>	Action:

Describe and assess all short-term and long-term effects associated with the proposed action, including an assessment of any agricultural impacts and any concerns expressed by farm landowners directly affected by the proposed action.

# V. Adverse Agricultural Effects which cannot be avoided should the proposed action be implemented:

Describe any adverse agricultural effects which cannot be avoided should the proposed action be implemented.

### VI. Alternatives to the Proposed Action:

a. Describe alternatives to the proposed action, and reasons why the project site was selected as the preferred site for the proposed action. An alternative site is viewed as any other parcel(s) that were assessed or reviewed to be a potential candidate to host the project, before arriving at the selected location.<sup>5</sup> Provide only the tax parcel ID and a brief explanation as to why the parcel was not ultimately selected.<sup>6</sup>

b. Briefly describe any irreversible and irretrievable commitments of agricultural resources which would be involved in the proposed action should it be implemented. Include the decommissioning plan as an attachment and provide any other plans to return the project site to agricultural use following the conclusion of the proposed action's lifespan. Provide confirmation that the affected parcel will be returned to its current condition, once the project has been decommissioned.

<sup>&</sup>lt;sup>5</sup> Examples of what is considered alternatives by NYSDAM are any parcels considered for development in or outside the agricultural district, wooded lots, county owned land, etc.

<sup>&</sup>lt;sup>6</sup> Examples of why the alternative was not selected include the unavailability of three-phase connections, landowner unwillingness to lease the alternative site, environmental concerns, etc.

## VII. <u>Mitigation measures proposed:</u>

Describe any mitigation measures proposed to minimize the adverse impact of the proposed action on the continuing viability of a farm enterprise or enterprises within the district. Confirm that the proposed action will follow NYSDAM's <u>Guidelines for Agricultural Mitigation for Solar Energy Projects</u> and describe specifically if any guidelines will not be followed.

a.	Describe any aspects of the proposed action where applicable and appropriate, including a area.	which would encourage non-farm development, any local zoning restrictions which apply to the
When this form to NYS	orm is completed, the Project Sponsor must pr SERDA.	provide his/her signature prior to submitting the

Candace Rossi, Project Manager New York State Energy and Research Development Authority NY-Sun 17 Columbia Circle Albany, NY 12203

RE: Notice of Intent to Undertake an Action Within an Agricultural District Nexamp,

Covington 2 Solar in the Town of Fort Covington, Franklin County

Dear Ms. Rossi:

Governor

The Department has completed the review of the three Notice of Intents filed by the New York State Energy and Research Development Authority, for the advance of public funds for the proposed Covington 2 Solar Project in the Fort Covington, Franklin County. Based upon Department records, the proposed actions will not be located on land within a county adopted, State certified agricultural district. Therefore, compliance with AML §305(4) is not required.

If I can be of further assistance, please contact me at (518) 457-3186.

Sincerely,

Andy Steiner

# LETTER OF NO JURISDICTION ENDANGERED SPECIES ACT

May 19, 2021

Barton Pitts Nexamp 101 Summer Street, 2nd Floor Boston, MA 02110

Re: Nexamp Community Solar Projects
Community Solar 1 LLC and Covington Solar 2 LLC
2989 State Route 73 & 3231 State Route 37
Town of Fort Covington, Franklin County

Dear Barton:

The Department of Environmental Conservation (DEC) has determined that your proposal to develop two solar projects at the above-described parcels in the Town of Fort Covington is not likely to result in the take of threatened or endangered species. This determination is based on the information submitted by your office on April 20<sup>th</sup>, 2021 and reviewed by staff from the Division of Fish and Wildlife. The review determined that there is no occupied habitat on this site for grassland birds, including the northern harrier (*Circus hudsonius*). Therefore, no permit is required at this time pursuant to the implementing regulations (6NYCRR Part 182) of the New York State Endangered Species Act (Article 11-0535).

Be advised that any changes in location, expansion of the footprint of the project, modifications of the scope, or changes in the timing of proposed actions that are not identified in the submission referenced above may trigger DEC authorization. Please reinitiate contact with this office if such activities are contemplated.

Please note that this letter does not relieve you of the responsibility of obtaining any necessary permits or approvals from other agencies or local municipalities.

Sincerely,

Erin Donhauser

ec: Jed Hayden, DEC
